COVID-19 - Coronavirus

Dear Parent/Carer

As you are aware from media reports, the situation with COVID- 19 is rapidly evolving across the globe. The Calder Learning Trust does **not** have any confirmed or any suspected cases of the virus but we remain vigilant.

Please can I draw your attention to the document to support schools and its community with regard to the responses and how to prevent COVID -19 [here](#)

Currently the Trust's response is:

- to regularly seek advice from Public Health England and the Department for Education
- that from Monday 2nd March, wall mounted hand sanitisers, with zero alcohol hand, gel will be available for students throughout the school
- that all students will receive Public Health England lessons on how to prevent the spread of the virus
- to ensure a deep clean of the school
- to display information posters around school on how to reduce the spread of the virus
- regularly update information on the website/social media, including links

If you have visited any of the countries which are affected by the outbreaks (see the hyperlink above for a complete list), please can you inform the Trust and follow the guidance issued by Public Health England.

Thank you for your continued support in this matter. The Trust will keep parents, staff and students up to date with any further information.

Yours faithfully

Anthony Guise
Headteacher
Calder Learning Trust
