ClassCharts

ClassCharts

What is Class Charts?

- Class Charts is a school management software system for teachers, students and parents
- It is currently used in over 1000 secondary schools nationally and has been highly recommended by many outstanding schools in our local area
- It allows staff, students and parents to keep in touch and communicate better

Why introduce Class Charts?

- **Class Charts improves efficiency and consistency** - Planners are under/poorly used by many teachers/students/parents in terms of rewards and quality of recording homework (particularly higher up the school)
- **Class Charts improves home/school communication** - parents will know what students are rewarded for, can be notified of any detentions and will have detailed descriptions of homework
- **Class Charts supports learning** - Smart seating plan functionality for teachers
- **Class Charts saves money/the environment** - Major savings in terms of cost and the environment (no planners/planner sheets)
- **Class Charts works** - Feedback indicates high levels of student, staff and parental satisfaction

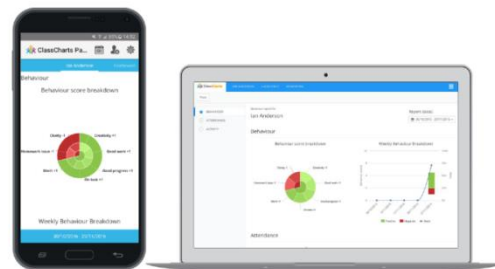

Teacher - 'the easiest and most effective bit of technology we have ever introduced'

Student - 'it really helps me keep on top of my learning'

Parent - 'for the first time ever I know what my son should be doing at home and when it needs to be done. It's also great to have more information about the rewards he is getting.'

How do you use Class Charts?

- There are two main ways that both parents and students can use Class Charts.
 - Easiest and most convenient way is an App on either Android or Apple phones
 - The second method is to login through www.classcharts.com
- All reward points, BFL points, homework and some attendance

Class Charts Detentions

All detentions, instead of being in the planner, will now be on the ClassCharts App or website (depending on which you choose to use)

They will show you the detentions in 3 ways:

- Today's detentions
- Future detentions
- Previous detentions

It's really easy to check where detentions are and what date they are on!

Class Charts homework

Launching soon!

Homework will be sent to you via the app or you can login through the ClassCharts website

Homework together with date set and due and any resources will appear in your homework section on the app or website.

This means that you have all the resources you need to complete your homework right in one place.

The screenshot displays a homework management interface with three sections:

- TO DO:** A task titled "G1: End of Module Test" in Geography, with a due date of 2/12/2016 and a "DETAILS" link.
- COMPLETED:** A task titled "G1: Tectonic Plates Review" in Geography, with a due date of 30/11/2016 and a "DETAILS" link.
- SUBMITTED:** A task titled "G2: Evaluate the following methods of sustainable development" in Geography, with a due date of 14/11/2016 and a "DETAILS" link.

How? Countdown to Class Charts?

- **w/b Monday 1st October** - Assembly launch for all students
- **Monday 8th October** - Letter to parents regarding roll out and logins/help guides on website
- **Thursday 11th October** - Y7 tutor evening, Class Charts launch for parents
- **Wednesday 17th October Y8/9** – parent launch evening, 6.30pm
- **Thursday 18th October Y10/11** – parent launch evening, 6.30pm
